

1) Udaka T, Suzuki H:

In reference to: relationships among nasal obstruction, daytime sleepiness, and quality of life.
Laryngoscope 117: 954-955, 2007.

2) Shiomori T, Miyamoto H, Udaka T, Okochi J, Hiraki N, Hohchi N, Hashida K, Fujimura T,
Kitamura T,

Nagatani G, Ohbuchi T, Suzuki H:

Clinical features of head and neck cancer patients with methicillin-resistant *Staphylococcus aureus*.
Acta Otolaryngol 127: 180-185, 2007.

3) Udaka T, Hiraki N, Shiomori T, Miyamoto H, Fujimura T, Inaba T, Suzuki H:

Eikenella corrodens in head and neck infections.

J Infection 54: 343-348, 2007.

4) Udaka T, Shiomori T, Nagatani G, Hisaoka M, Kakeda S, Korogi Y, Suzuki H:

Oncocytic schneiderian papilloma confined to the sphenoid sinus detected by FDG-PET.

Rhinology 45: 89-92, 2007.

5) Shibata M, Fujihara H, Suzuki H, Ozawa H, Kawata M, Dayanithi G, Murphy D, Ueta Y:

Physiological studies of stress responses in the hypothalamus of vasopressin-enhanced green
fluorescent protein transgenic rat.

J Neuroendocrinol 19: 285-292, 2007.

6) Hashimoto H, Fujihara H, Kawasaki M, Saito T, Shibata M, Otsubo H, Takei Y, Ueta Y:

Centrally and peripherally administered ghrelin potently inhibits water intake in rats.

Endocrinology 148: 1638-1647, 2007.

7) Hashimoto H, Hyodo S, Kawasaki M, Shibata M, Saito T, Suzuki H, Otsubo H, Yokoyama T,
Fujihara H,

Higuchi T, Takei Y, Ueta Y:

Adenomedullin 2 (AM2)/intermedin is a more potent activator of hypothalamic oxytocin-secreting
neurons than AM possibly through an unidentified receptor in rats.

Peptides 28: 1104-1112, 2007.

8) Shiomori T, Udaka T, Nagatani G, Fujimura T, Ohbuchi T, Sasaguri T, Suzuki H:

Association of verrucous carcinoma and inverted papilloma in the sinonasal tract.

Auris Nasus Larynx 34: 281-285, 2007.

9) Shibata M, Friedman RL, Ramaswamy S, Plant TM:

Evidence that down regulation of hypothalamic KiSS-1 expression is involved in the negative feedback action of testosterone to regulate luteinising hormone secretion in the adult male rhesus monkey (*Macaca mulatta*).

J Neuroendocrinol 19: 432-438, 2007.

10) Fujimura T, Suzuki H, Shiomori T, Udaka T, Mori T:

Hyperbaric oxygen and steroid therapy for idiopathic sudden sensorineural hearing loss.

Eur Arch Otorhinolaryngol 264: 861-866, 2007.

11) Wakasugi T, Izumi H, Uchiumi T, Suzuki H, Arai T, Nishio K, Kohno K:

ZNF143 interacts with p73 and is involved in cisplatin resistance through the transcriptional regulation of DNA repair genes.

Oncogene 26: 5194-5203, 2007.

12) Mera T, Fujihara H, Saito J, Kawasaki M, Hashimoto H, Saito T, Shibata M, Onaka T, Tanaka Y, Oka T, Tsuji S,

Ueta Y:

Downregulation of prolactin-releasing peptide gene expression in the hypothalamus and brainstem of diabetic rats.

Peptides 28: 1596-1604, 2007.

13) Udaka T, Suzuki H, Fujimura T, Hiraki N, Ohkubo J, Shiomori T, Ueda N, Hashida K, Mori T, Fujino Y:

Chronic nasal obstruction causes daytime sleepiness and decreased quality of life even in the absence of snoring.

Am J Rhinol 21: 564-569, 2007.

14) Udaka T, Suzuki H, Fujimura T, Hiraki N, Shiomori T, Kitamura T, Ueda N, Inaba T, Fujino Y: Relationships between nasal obstruction, observed apnea, and daytime sleepiness.

Otolaryngol Head Neck Surg 137: 669-673, 2007.

15) Niina I, Uchiumi T, Izumi H, Torigoe T, Wakasugi T, Igarashi T, Miyamoto N, Onitsuka T, Shiota M, Okayasu R, Chijiwa K, Kohno K:

DNA topoisomerase inhibitor, etoposide, enhances GC-box-dependent promoter activity via Sp1 phosphorylation.

Cancer Sci 98: 858-863, 2007.
