<Delegation from Tsinghua University visited UOEH>

On Monday, January 20, a total of 34 graduate students and faculty members from the Healthcare Administration Program at Tsinghua University, China visited UOEH as part of the Kitakyushu Medical/Welfare tour. At UOEH, following an introduction of our university and laboratories, we provided visits to university and hospital facilities. Many questions raised by the participants have led to lively Q&A sessions.

Introduction of UOEH by Prof. Yoshiya Tanaka

Visit to the Center for Stress-related Disease Control and Prevention

Trying on a vest with an electric cooling fan

Introduction of a local exhausted ventilation system
