<Participation in the online teleconference seminar 2024: International Environmental and Occupational Health Program>

This year, online teleconference seminar on International Environmental and Occupational Health Program was held every Tuesday from September 3 to December 17 for a total of 15 sessions, connecting National Taiwan University, Khon Kaen University (Thailand), National University of Singapore, Brunei Darussalam University and UOEH online. The lectures were a valuable opportunity to learn the latest research and trends in the field of Occupational and Environmental Health from lecturers in different countries. Mainly our postgraduate students attended this seminar, and they participated in a lively Q&A session each time.

Among 15 lectures, 4 lectures were provided by our faculty members as follows, and our graduate students also took part in the student presentation for the first time, and presented their ongoing research.
