

<2024 [27th News] > MOU has been concluded with University of Padua, Italy (Posted on December 13, 2024)

<MOU has been concluded with University of Padua, Italy>

On Monday, December 2, 2024, UOEH signed a Memorandum of Understanding (MOU) with the University of Padua in Italy to promote cooperation in the fields of research and educational activities, faculty and researcher exchanges, and participation in academic conferences.

The University of Padua, located in Padua, Italy, is a special institution for us, as Dr. Bernardino Ramazzini, known as the "Father of Occupational Medicine" served as a professor from 1700 to 1714. Established in 1222, it is the second oldest prestigious university in Italy and is also known for having had renowned scholars such as Galileo Galilei on its faculty.

We look forward to promoting exchange activities based on this newly signed MOU.
