On Thursday, May 22, the 10th UI-NRH-UOEH-SGH Joint Interesting Occupational Medicine Regular Forum was held jointly by four institutions, namely, University of Indonesia (UI), Nopparat Rajathanee Hospital (NRH), Thailand, Singapore General Hospital (National University of Singapore) (SGH) and UOEH. The purpose of this forum is to understand legal systems and medical practices on occupational health in the participants' countries. The forum began in September 2022 on a quarterly basis. In each forum, residents of occupational medicine of the host country give presentations, and online participants join discussions afterwards.

The 10th forum was hosted by the University of Indonesia, and the presentation on the theme of "Zoonotic Transmission Potential of Hepatitis B Virus Among Veterinarians Working in Orangutan Conservation" was provided. Approximately 100 participants joined the forum online, and they participated in lively discussions following the presentation.
