

<2024 [12th News] The 7th UI-NRH-UOEH-CUK Joint Interesting Occupational Medicine Regular Forum was held> (Posted on April 30, 2024)

<The 7th UI-NRH-UOEH-CUK Joint Interesting Occupational Medicine Regular Forum was held>

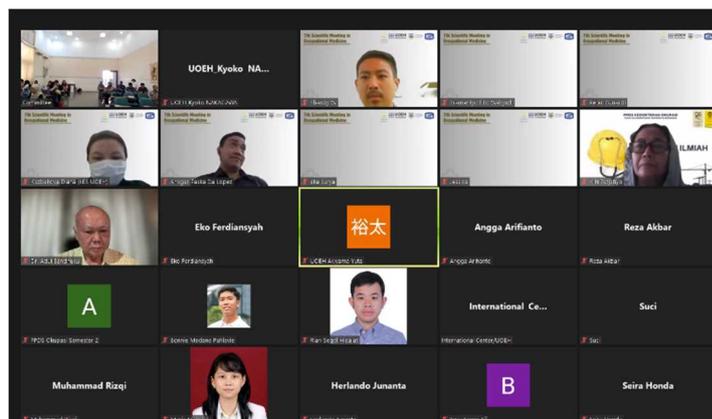

On April 25, the 7th UI-NRH-UOEH-CUK Joint Interesting Occupational Medicine Regular Forum was held jointly by 4 institutions, namely, University of Indonesia (UI), Nopparat Rajathanee Hospital (NRH), Thailand, Catholic University of Korea (CUK) and UOEH. The purpose of this forum is to understand legal systems and medical practices on occupational health in the participants' countries.

The forum began in September 2022 on a quarterly basis. In each forum, residents of occupational medicine of host country gave presentations, and participants from other institutions join lively discussions afterwards.

The 7th forum was hosted by University of Indonesia. Following the opening speech by Professor Muchtaruddin Mansyur, two presentations titled "Fitness-for-work Evaluation and Return to Work Program for a Librarian with Destroyed Left Lung Post Recurrent Tuberculosis" and "Non Small Cell Lung Cancer in Glass Factory Worker Exposed to Silica Dust" were given by occupational medicine residents. Approximately 111 participants joined the forum from the 4 institutions, and they participated in lively discussions after each presentation.
