

<2023[28th News] MOU has been concluded with Vibharam Group Hospitals, Thailand> (Posted on December 28, 2023)

<MOU has been concluded with Vibharam Group Hospitals, Thailand >

On December 25, UOEH concluded a MOU with Vibharam Group Hospitals, Thailand. The concluding ceremony was held through online, connecting UOEH campus in Japan and Thailand. Vibharam Group Hospitals are group of 6 hospitals scattered across Thailand. The main hospital is in Bangkok, and some of the group hospitals are located near large industrial estates where many of Japanese corporations have owned or invested factories and manufacturing facilities. The group's each hospital has Wellness & Occupational Health Center to provide occupational health services for Japanese and local corporations.

Through the conclusion of MOU, it is expected to begin exchanges of occupational physicians and faculties as well as acceleration of cooperation in the provision of knowledge and skills of occupational health to the Vibharam Group Hospitals.

Online ceremony held at three sites: UOEH, Japan, Vibharam Hospital (Bangkok) and Vibharam Amata Nakorn Hospital, Thailand
