

<2023[26th News] MOU has been concluded with UNISBA, Indonesia> (Posted on December 28, 2023)

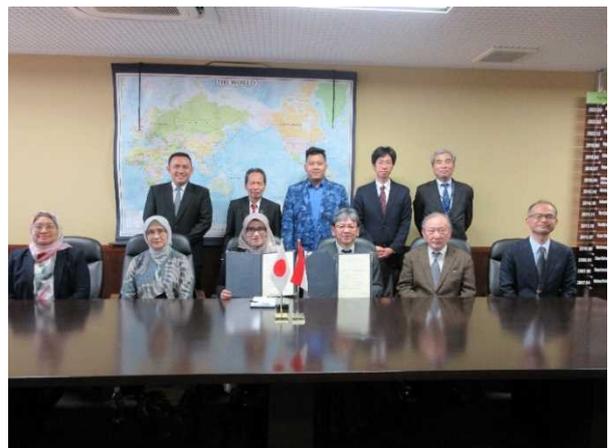

<MOU has been concluded with UNISBA, Indonesia>

On December 13, UOEH welcomed delegates of Universitas Islam Bandung (UNISBA) from Indonesia and concluded Memorandum of Understanding (MOU). UNISBA is located in Bandung city of West Java, Indonesia, and has 10 faculties including Faculty of Medicine. UOEH had welcomed delegates of UNISBA including the then Dean of Faculty of Medicine on March 2 this year to introduce the programs of occupational medicine education of UOEH.

With the conclusion of MOU this time, deepening of academic cooperation in occupational medicine at both universities is much expected through exchange of faculty members and participation in future symposiums.

VTR message by Prof. H. Edi Setiadi, Rector, UNISBA
