<Burapha University, Thailand visited UOEH>

On Monday, October 30, four faculty members headed by Associate Professor Pornchai Jullamate, Dean of Faculty of Nursing of Burapha University, Thailand visited UOEH. The delegates paid a courtesy visit to President Ueta and attended a meeting with our faculty members to discuss possible collaborations, and a campus tour followed the meeting. We hope this visit becomes a starting point of our collaborations in the near future.
