

<2023[21st News] Delegation of Thailand from Mahidol University and Suranaree University of Technology visited Department of Occupational Hygiene> (Posted on November 1, 2023)

On October 13 and 16, Dr. Sara Arphon and Dr. Suwatsa Punneng of Mahidol University (Thailand) and Dr. Chalerm Siri Theppitak of Suranaree University of Technology (Thailand) visited Department of Occupational Hygiene. They had a tour of the university's campus and research facilities on October 13, and had a research presentation at Room 6513 of School of Health Sciences on October 16. Through discussions held during the research presentation on October 16, the visit of three academics from two universities of Thailand was expected to accelerate the expansion of academic exchanges in occupational health and hygiene among the three universities.

The three delegates from Thailand attended the UOEH International Symposium 2023 on October 13 and 14, and Dr. Chalerm Siri Theppitak gave a presentation as one of the symposiasts under the title "Occupational health and safety digitalization in Thailand: A framework and case study".
