

< 2023 [18th News] 1st International Exchange Nursing Education program held at Wonkwang University, Korea>
(Posted on November 1, 2023)

From August 21 to 24, total of 14 students along with 3 faculties from Department of Nursing, School of Health Sciences, joined the 1st International Exchange Nursing Education Program held at Wonkwang University in Iksan city, Korea.

The program was commenced for the very first time since the addendum to the MOU was concluded in 2022 between both universities. The program aims to provide students at both universities' international experience through nursing education in each site.

UOEH students gave presentations prepared in Japan, talked about topics such as "Nursing Education in Japan" and "City of Kitakyushu". Students and faculties also visited Wonkwang University Korean Medicine Hospital, and experienced nursing simulation and virtual reality classes on Adult Nursing, Maternal Nursing and Child Nursing.

The program also nurtured friendship between UOEH students and Nursing students of Wonkwang University, through joining lectures and excursions in the city, and gave them a significant opportunity.
