

<2025 [20th]> The 11th UI-NRH-UOEH-SGH Joint Interesting Occupational Medicine Regular Forum was held (Posted on Oct. 20, 2025)

On Thursday, September 16, the 11th UI-NRH-UOEH-SGH Joint Interesting Occupational Medicine Regular Forum was held online, jointly organized by four institutions, namely, University of Indonesia (UI), Nopparat Rajathanee Hospital (NRH), Thailand, Singapore General Hospital (National University of Singapore) (SGH) and UOEH. The purpose of this forum is to understand legal systems and medical practices on occupational health in the participants' countries. The forum began in September 2022 on a quarterly basis. In each forum, residents of occupational medicine of the host country give presentations, and online participants join discussions afterwards.

The 11th forum was hosted by Nopparat Rajathanee Hospital, Thailand. The presentation on the theme of "Two Case Report of Occupational Synchrotron Radiation Overexposure Event at Radiation Facility in Thailand; in Aspect of Safety and Security of Personnel in Workplace" was provided. Approximately 85 participants joined the forum online, and they participated in lively discussions following the presentation.

Residents participated from UOEH

A colorful flyer for the 11th UI-NRH-UOEH-SGH Joint Interesting Occupational Medicine Regular Forum. The flyer features logos of the participating institutions at the top: UI, UOEH, Singapore General Hospital, and SGH. The title is prominently displayed in the center. Below the title, the topic is listed: "Two Case Report of Occupational Synchrotron Radiation Overexposure Event at a Radiation Facility in Thailand; in Aspect of Safety and Security of Personnel in Workplace." The flyer also includes a date and time section, a host section, and an agenda. The design uses a blue and yellow color scheme with radiation symbols and images of people in protective gear.
