

<2026 [7th News]> Conclusion of MOU with the University of Valle, Colombia (Posted on March 18, 2026)

UOEH signed a Memorandum of Understanding (MOU) with the University of Valle, Colombia, on February 25, 2026. This MOU aims to promote cooperation in areas such as research and educational activities, the exchange of faculty members and researchers, and participation in academic conferences, among others. The University of Valle, a leading public university in southwestern Colombia, is a large institution with more than 30,000 students. We are excited to further strengthen our collaborative activities, particularly in the field of Ergonomics, where exchanges between our institutions have already begun.
